

HYDRAULIC PILOT REMOTE CONTROL JOYSTICKS FOR LOADER

Model:81090741

Advantage

1. Compliant with ergonomics
2. Hydraulic proportional output
3. Ergonomic Precision
4. Modular Design
5. hydraulic mutual control
6. Safety Features

APPLICAGION

 BACKHOE LOADERS	 SKID STEER LOADERS
 WHEEL LOADERS	others

Technical Specifications

Maximum pressure:	50 bar
Rated pressure:	25bar
Maximum flow rate:	16L/min
Electromagnet operating current:	DC24V
Electromagnet operating voltage:	0.24-0.3A
Electromagnet resistance:	90±100
Electromagnet operating temperature:	40C~120°C
Viscosity range:	3~400mm2//s
Oil temperature:	-20C~80°C
