

HYDRAULIC PILOT REMOTE CONTROL JOYSTICKS FOR LOADER

Model:81090822

Advantage

1. Compliant with ergonomics
2. Hydraulic proportional output
3. Small hysteresis loop and high precision
4. Electro hydraulic mutual control
5. Long electric life
6. Long mechanical life

APPLICAGION

 BACKHOE LOADERS	 SKID STEER LOADERS	 WHEEL EXCAVATORS
 WHEEL LOADERS	 EXCAVATORS	others

Technical Specifications

Maximum pressure:	100 bar
Rated pressure:	40bar
Maximum flow rate:	20L/min
Rated voltage of Hall element:	5VDC
Viscosity range:	3~400mm ² //s
Oil temperature:	-10C~80°C
Rated current on 24VDC:	3A
Electric life:	50,000 cycles
Mechanical life:	200,000cycles
