

## HYDRAULIC PILOT CONTROL PEDAL

Model:811200002

### Advantage

1. Progressive, sensitive control
2. Precise and play-free control characteristics
3. Low actuation force at the lever
4. Rust-free plunger

## APPLICATION

|   |  |
|---|--|
|  <p>BACKHOE LOADERS</p>  |  <p>DRILL RIG</p> |
|  <p>MINING EQUIPMENT</p> | <p>others</p>  |

## Technical Specifications

|                    |                           |
|--------------------|---------------------------|
| Maximum pressure:  | 100 bar                   |
| Rated pressure:    | 40bar                     |
| Maximum flow rate: | 12L/min                   |
| Viscosity range:   | 10~380mm <sup>2</sup> //s |
| Oil temperature:   | -20C~80°C                 |
